

INSTALLING THE ROM:

1. Download the ROM onto a USB flash drive (Minimum 1 GB).

DO NOT OPEN OR UNZIP THE FILE. CHOOSE THE SAVE AS OPTION.

YOU SHOULD SEE THE FOLLOWING FILENAME NAME AFTER DOWNLOADING: BTVi3-ota-20180608.zip

If you don't you must zip (compress the directory).

2. From the BTVi HOME SCREEN, Select MY APPS button, select UPDATE&BACKUP (bottom left).
3. Select WIPE DATA and WIPE MEDIA boxes, choose the SELECT button.

4. Select BTVi3-ota-20180608.zip
(must select the correct file, do not select the file that starts with _ underscore).

BTVi HOME SCREEN

5. Click the UPDATE button to perform the update.
DO NOT interrupt the update or unplug the power during the update process.
6. If any pop up messages appear, select OK.
7. The BTVi Homescreen will appear).
(wait 5 seconds and unplug the power cord, wait 5 seconds more then plug in the power cord).
8. You can now unplug the USB flash drive
9. The BTVi will continue the update process (do not touch anything) It will take about 5 minutes to complete the installation process.

Please check out this website to see the video instruction: <http://myteamvideos.com/update.html>
